

Ajay Adiseshann
Managing Director and CEO
PayMate

Ajay set up PayMate in May 2006. As Managing Director of PayMate, he is responsible for day to day operations, marketing, business development and overall strategy.

Ajay is a serial entrepreneur, prior to PayMate he founded Coruscant Tec, a mobile content developer and aggregator, the company that spun off PayMate, and Webresource, a web applications and design company.

With a background in electrical engineering from University of Colorado at Boulder, Ajay has had an early exposure to Internet technologies.

At PayMate, Ajay has been the key to establishing major partnerships with banks and merchants to make them a part of this unique payment ecosystem.
