

## **Mr. Srikanth Nadhamuni**

Mr. Srikanth Nadhamuni, Co-Founder & Managing Trustee of eGovernments Foundation, Bangalore. Mr. Srikanth Nadhamuni is a technologist and entrepreneur, having spent 14 years in the California's silicon valley with companies such as Sun Microsystems, Intel, Silicon Graphics, Healthon WebMD and startup GlobeTrades Inc that he founded. Mr. Srikanth teamed up with Nandan Nilekani (co-chairman Infosys) to start the eGovernments Foundation – which provides software products and solutions **-for free** to improve governance in Indian cities. Currently the eGovernments Foundation has deployed its suite of 6 Municipal eGovernance products to over 75 cities across 5 states of India including large cities like New Delhi and Bangalore. Modules such as Property Tax Management, Financial Accounting, Works Management and others form the basis of a Municipal ERP solution that is aimed at delivering better services to citizens.
