

## **Shantanu Prakash**

Shantanu Prakash founded Educomp Solutions Limited, India's first school centric education solutions company in 1994, a few years after acquiring an MBA degree from the Indian Institute of Management, Ahmedabad.

He is known as a thought leader in education technology space. Notable amongst his innovations include; "teacher-led" content system called **smart\_class<sup>TM</sup>**, which dramatically improved learning effectiveness in classrooms, development of **India's largest K12 Content Library** with over 8000 topics of 3D content, India's first structured pre-school learning system called **Roots 2 Wings**, and **MathGuru** to dramatically simplify access to qualitative Math help.

Shantanu is also the Managing Trustee of the Learning Leadership Foundation an organization dedicated to bringing best practices in education to under-resourced schools and is currently setting up a chain of schools across the country. Two schools, already in operation are PSBB Millennium School Chennai and PSBB Learning Leadership Academy Bangalore.
