6. Publications

Have more than 28 indexed publications and 3 chapters in textbooks. Reveiwer for many professional journals, have been Guest Editor for the Journal of International Medical Science Academy

7. Other Achievements

- Introduced the concept of a medical quiz for the first time in any subject in 1993. This later prompted many subjects to organize such programmes
- Started medical debates and talk shows on visual media
- The first in the medical base to organize and conduct a live videoconference across 5 countries showing operative procedures to an audience in India. This concept has now been widely accepted as method of showing and teaching surgical procedures at conferences without calling the surgeons from abroad, thus saving a lot of foreign currency.
- National coordinator for the Objective Structured Clinical Examination (OSCE) project. This project was considered a success and was widely acclaimed by different bodies including the president of the Royal College Of Surgeons. This project is now to be extended to other subjects viz. Orthopedics, Pediatrics, Ophthalmology, and Obs. And Gynaec.
- Coordinator for CME program in training NBE students
- With the Center for Occupational and Environmental medicine, have been actively involved in a campaign against Noise Pollution
- Coordinator for a National Level workshop organized on behalf of the Medical Council of India, with a view to relook at the various criterion to be followed in establishing new medical institutions wrt the infrastructure and the facilities available, the essential qualifications wrt the teachers and their experience, and the requirements for post graduate medical education in the country.
- Co-opted as member of the Post Graduate medical education committee of the Medical Council of India
