

Pranav is President, Hughes Network Systems India Limited, a subsidiary of Hughes Networks Systems, the US based global leader in satellite broadband networks and services since January 2001. He also serves as a director on the boards of all Hughes companies in India.

Pranav joined Hughes India in 1996 and has been associated with all aspects of Hughes investments and operations in India for the past 12 years. He is spearheading Hughes' new initiative to bring broadband services and applications to rural India through community based computing and connectivity infrastructure to deliver e-governance, internet access, interactive education and learning and a variety of e-commerce services.

Prior of joining Hughes, Pranav practiced law specializing in corporate and investment related laws and assisted several projects and investments in the area of Aviation Lease & Finance, Telecom and Entertainment.
